

60-7610

26 September 1960

Dear Paul:

A very close personal friend of mine and co-worker, [redacted] is taking an extended trip to Africa. I was most anxious that he should be able to benefit by your own deep knowledge of this area, and particularly certain sections thereof of which you have spoken to me.

You can talk to [redacted] exactly as though you were talking to me.

With kindest personal regards,

Faithfully,

STAT
